DRESS PACK FOR FANUC 2000IC 210F ROBOT

D K ROBOTICS AUTOMATION

Customer was using normal conduit without retraction box resulting into frequent cable and conduit damage issue. We provided the solution with high corrugation flexible conduit with spring retraction box. The result is zero breakdown

DRESSPACK - BEFORE

DRESSPACK - AFTER

Designed the dress pack with retraction box to avoid cable damage, use of clamps, tennis bracket, conduit protection ring, and other accessories (D K Robotics Automation, Pune)
